

EXHIBITOR LISTING SCAMS

It has come to our attention that individuals are contacting PRI Show members, attendees, and exhibitors, falsely claiming to sell attendee contact information. These emails may use official-sounding titles and the PRI logo to appear legitimate. PRI and SEMA do not sell attendee contact data or authorize others to do so.

These fraudulent operators are not affiliated with PRI or SEMA. PRI and SEMA do not share attendee contact information with third parties.

Additionally, a company named "*Performance Racing News*" is soliciting potential PRI exhibitors and attendees with offers related to the PRI Show. This company is not affiliated with PRI, and we recommend avoiding their solicitations.

Exercise caution and ignore these scams. If you have any questions, please contact us.
